SSi Mexico Achieves ISO/IEC 17025:2005 accreditation

Super Systems, Inc. is pleased to announce that its subsidiary, Sistemas Superiores Integrales S de RL de CV (SSi Mexico) has been granted ISO/IEC 17025:2005 accreditation. SSi Mexico's ISO/IEC 17025:2005 accreditation covers the in-house laboratory calibration of Sensors, Analyzers, Controllers, Instrumentation and Recording Devices. The scope includes on-site services for the measurement, recording and calibration of temperature and voltage signals. SSi Mexico's laboratory and field services will provide calibration certificates in accordance with the 17025 requirements for the scope defined in their certificate.

With offices around the world, SSi supports thousands of global heat treating applications. International offices include SSi Mexico in Queretaro; SSi Europe in Birmingham, England; and SSi China in Shanghai. SSi will officially be opening a location in India in the near future as well.

Super Systems Inc., based in Cincinnati, Ohio, has been developing and manufacturing products for the thermal processing industry since 1995. SSi's products include probes, analyzers, controllers, software solutions and engineered systems. With over 100 years of combined experience, SSi continues to satisfy industry demands with innovative technology, enabling customers to be more efficient and to produce higher quality products.
